Primary Standard

PART 1 — THE STANDARD

What did this standard ask you to know or do?

Write it in plain language — not the code, but what it actually means.

Where do you think your Demo of Learning landed on the scale?

My score

[

What specific evidence in your Demo shows that score? Name it.

What would it have taken to score one level higher?

Be specific — what evidence or understanding was missing?

PART 2 — THE PROCESS

What was the most important thing you did in Week 2 (Dig) that helped you?

What feedback (from peers or Reese) changed your work most? What did you do with it?

If you ran this studio again, what would you do differently — and in which week?

PART 3 — THE LEARNING

What do you now understand about your essential question that you didn't understand in Week 1?

What question does this studio leave you with — something you'd want to keep investigating?

What are you most proud of from this studio?

PART 4 — OWNERSHIP AND NEXT STUDIO

What is your current ownership level?

☐ Trailblazer (Level 1) ☐ Maverick (Level 2) ☐ Phoenix (Level 3)

Are you applying to move up a level? If yes, make your case below.

Use specific evidence from this studio — scores, work habits, independence.

What standard do you want to prioritize next studio? Why?
